RE: Settlement Agreement

Chimenti V. DOC - NO. 15 Civ. 3333

Su Ming Yeh, Esquire
Pennsylvania Institutional Law Project
718 Arch Street, Suite 3045
Philadelphia, PA 19106

Dear Ms. Yeh:

I am writing to you to have my name removed from the above referenced civil action, and to lodge my written objections with the Court.

I am requesting to have my name removed from this class action for the following reasons:

(a) I have been requesting treatment for this condition for a period of two (2) years, and have been ignored;

(b) If I agree to this settlement, I may continue to be denied treatment until I am sicker and liver damage has already stated to occur;

(c) In your letter urging me to accept this settlement (paragraph 4, line 3), you state that "left untreated, Hepatitis C can cause serious damage to my liver, other organs and possibly death." Yet, the agreement states that I must wait until I move from F0, F1 to F2, F3 or F4 before I can begin to receive treatment. The medical staff refuses to instruct me as to what level I am, but I do know that I have hepatitis C.

Based on the fact that I will not begin to receive treatment until my disease progresses further, instead of receiving the treatment to prevent this from happening, I must respectfully withdraw from this agreement.

Please forward to me, at your earliest possible convenience, the documents showing that my name has been removed from this action and that my objections were lodged with the Court.

Thank you for your assistance and cooperation in this matter.

Sincerely yours,

William Hay
